DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicants' submission filed on December 3, 2003 has been entered.

Allowable Subject Matter

2. Claims 10-13 and 15-17 are allowed over prior art of record.
3. The following is an examiner's statement of reasons for allowance:

The prior art of record neither anticipates nor renders obvious the claimed subject matter of the instant application as a whole either taken alone or in combination, in particular, prior art of record does not teach "determining, from said distribution, a moment of occurrence of an increase in said measured amplitude, said moment corresponding to a point in time at which the engraving front reaches the second underneath layer; and computing the thickness of said first layer to be measured, on the basis of said, moment and said predetermined speed of the engraving front," as recited in claim 10 and "first means for measuring an amplitude of light emitted during the engraving reaction, in a selected spectral range comprising said at least one spectral component, and second means for establishing a distribution of said amplitude as a function of time; determining, from said distribution, a moment occurrence of an increase of said measure amplitude said moment corresponding to point in time at which the engraving front reaches the second underneath layer; and computing the thickness of said first layer to be

measured, on the basis of said, moment and said predetermined speed of the engraving front," as recited in claim 16.

Claims 11-13, 15, and 17 are also allowed as being dependent of the allowed independent base claim.

Conclusion

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
